**Subject:** 2nd quarter 2005 water

Pam, this is my 2nd notification re 2nd quarter 2005 water monitoring; please see paragraph 2.

This email is to notify the Division that 2nd quarter, 2005 water monitoring information is in the pipeline and is acceptable for downloading. This includes UPDES information and water monitoring data for both Wildcat Loadout C007/033 and Centennial Mines C007/019.

This email is being resent after it was brought to my attention that certain data were inadvertently left off of the reports. This omission has been discussed with your staff and it is my understanding that the information which has now been added to the pipeline will make the above referenced monitoring requirements complete.

Thank you
